EXPERIENCE

June 2024 - Current

Freelance Front-End Developer

As a Freelance Front-End Developer, I have been responsible for developing and maintaining scalable web applications using Next.js and React.js. I have successfully delivered high-quality, SEO-optimized projects for various clients, ensuring their needs and requirements are met. My role involves close collaboration with clients to understand their goals and provide effective solutions, while utilizing Git for version control and collaborative development. Additionally, I have focused on enhancing the performance and accessibility of client websites, contributing to their overall success.

May 2023 - May 2024

Math Tutor, Tutor.com

During my time as a Math Tutor at Tutor.com, I provided online tutoring in mathematics and algebra to students, creating personalized lesson plans tailored to their individual needs. My efforts were directed towards enhancing students' understanding and performance in mathematics by breaking down complex concepts into easily understandable terms. I employed problem-solving skills to help students overcome challenging problems, effectively improving their academic achievements.
